Adding Color to Your Life
Companion Planting

Plant	Companion and effects
Basil	Companion to tomatoes, improves flavor and growth. Dislikes rue intensely. Repels flies and mosquitoes.
Beebalm	Companion to tomatoes, improves flavor and growth.
Borage	Companion to tomatoes, squash and strawberries, deters tomato worms. Attractive to bees.
Caraway	Plant here and there, loosens soil.
Catnip	Plant in borders, deters flea beetles.
Chamomile	Companion to cabbage and onions, improves flavor and growth.
Chervil	Companion to radishes, improves flavor and growth.
Chives	Companion to carrots, improves flavor and growth.
Dill	Companion to cabbage, dislikes carrots.
Fennel	Plant away from garden, most plants dislike it.
Garlic	Plant near roses and raspberries and throughout the garden. Deters Japanese beetles and other pests.
Horseradish	Plant at the corner of potato patch, deters potato bug.
Hyssop	Companion to cabbage and grapes, deters cabbage moth. Keep away from radishes.
Lamb's Quarter	Edible weed, which is companionable to corn.
Marigold	Plant throughout the garden, deters Mexican bean beetle and nematodes.
Mint	Companion to tomatoes and cabbage, deters cabbage moths.
Nasturtium	Companion to radishes, cabbage and cucumbers. Plant under fruit trees. Deters aphids, squash bugs and striped pumpkin beetles.
Calendula	Companion to tomatoes, but plant elsewhere in the garden. Deters asparagus beetle, tomato worm and other general pests.
Pigweed	One of the best weeds for pumping nutrients from the subsoil, especially beneficial to corn, potatoes and onions. Keep weeds thinned.
Peppermint	Plant among cabbage, deters cabbage moths.
Rosemary	Companion to cabbage, beans, carrots and sage, deters cabbage moths, bean beetles and carrot flies.
Rue	Plant near raspberries and roses, deters Japanese beetles. Keep away from basil.
Sage	Companion to cabbage, deters cabbage moths.
Southernwood	Companion to rosemary, cabbage and carrots, deters cabbage moths and carrot flies. Keep away from cucumbers.
Summer Savory	Companion to beans and onions, deters bean beetles.
Tansy	Companion to roses and raspberries. Plant under fruit trees. Deters flying insects, Japanese beetles, striped cucumber moths, squash bugs and ants.
Thyme	Plant throughout the garden, deters cabbage worms.
Wormwood	As a border, repels animals from the garden.
Yarrow	Plant along borders and paths near aromatic herbs, enhances essential oil production.
